## LOCAL MATTERS.

**SEASIDE TOWNSHIP.**—For this section rain tonight and Tuesday; fresh north easterly winds.

**DEATHS AND FUNERALS.**—Milton, the thirteen-year-old son of Mr. Orlando Harris, whose home is at 401 South Alfred street, died yesterday morning after a short illness of diphtheria.

The funeral of Mrs. Lucy T. Paff, wife of Mr. Charles Paff, whose death occurred on Thursday last, took place at 5 o'clock Saturday afternoon from her late residence, 1015 King street. The funeral services were conducted by Rev. Dr. F. J. Brooke, of the Second Presbyterian Church, and the interment was made in the Presbyterian Cemetery. The pallbearers were Messrs. Harry Brown, Frank Creighton, William T. Wilkes, Edward Pickin, Claude Pickin and Edgar Warfield Jr. A large number of relatives and friends attended the funeral.

The funeral of the late Aremus Scheldt, whose death occurred Friday night, took place at 3 o'clock yesterday afternoon from the late residence of the deceased, 317 North Columbus street. The services were conducted by Rev. Dr. George L. Hunt, pastor of the Baptist Church, and the pallbearers were Messrs. A. A. Warfield, C. R. Crump, J. R. N. Carter, William D. Wood, William Rogers, and T. A. Groves. The interment was made in Bethel Cemetery.

The remains of Carroll Ashby, the thirteen-year-old son of Mr. Ollie Poasey, formerly of this city, but now of Washington, whose death occurred in the latter city Saturday morning, were brought here Saturday afternoon for interment. The funeral took place from the residence of Mr. Ayers on North Payne street this afternoon at 5 o'clock.

**RAILROAD CASES.**—When the case of R. H. Phillips vs. C. S. Hinckman and the Washington, Arlington and Falls Church Railway Company, pending in the Circuit Court of Alexandria county, came up before Judge C. E. Nicks, in chambers at Manassas on Saturday morning to appoint a receiver and to grant an injunction, a continuance was granted, at the instance of the plaintiff, till August 31, because of the sickness of one of its attorneys, Mr. A. W. Armstrong. The plaintiff was represented by Mr. James E. Clements, of Alexandria, and the defendants by Col. Francis L. Smith and Mr. R. Walton Moore.

Judge Nicol also heard the case of the Washington, Alexandria and Mount Vernon Ry. Co. vs. the Southern Railway Company from the Circuit Court of Fairfax county, which involves a question as to the crossing of the Mount Vernon tracks by the line of the Southern just south of the city of Alexandria, a question which has already been before the board of public works of Virginia. The judge sustained a demurrer to the bill and refused the injunction, but without prejudice to the plaintiff's right to file a new bill and renew the application for an injunction. The litigation will be renewed when the plaintiff presents its new bill this week. The plaintiff is represented by Mr. R. W. Moore and the defendant by Mr. H. W. Anderson, of Richmond.

**WASHINGTON SEWERAGE.**—The commissioners of the District of Columbia have let the contract for a portion of the massive pumping machinery, which is a form part of the big sewer disposal station soon to be erected at the foot of New Jersey avenue southeast, fronting directly on the Anacostia river. This plant will form the heart of a great sewer system which has been talked of and looked forward to for a generation. The general purpose of the system is to flow the sewage of the city, with the exception of storm water, into the Potomac river at Magazine point, which lies on the east side of the river about two miles below Glebeboro Point, and a like distance above the city of Alexandria. All the sewage of the city will be carried through trunk sewers to the sewerage pumping station on the Anacostia river. Naturally when it arrives at this point, through gravity flow, it will have reached a very low level. The pumps in the big station will lift the sewage from this level and discharge it into what is known as an inverted siphon sewer or tunnel. This tunnel will carry the sewage across the Anacostia river where it will be discharged again into a gravity sewer, laid on the other side of the stream, and be conveyed down the Potomac to the point of outlet above mentioned.

**ACCIDENT AT THE BREWERY.**—Mr. Samuel E. Jackson, one of the engineers of the Potomac Brewery, was injured while at work at the Brewery about 7 o'clock Saturday night. One of the refrigerating machines had stopped suddenly, and in order to get a better leverage he had placed a piece of iron pipe on the bar which starts the machine, at the same time instructing the fireman to turn on the steam. The fireman turned on too much, and the starting lever, with the added weight of the iron bar, descended on the engineer's left shoulder, felling him. He was removed to his home, 410 North Columbus street, where he was attended by Dr. Gorman. No bones were broken and it is thought he has sustained no material injury. This is the second accident which has occurred at the brewery within a week. Mr. Lewis Hart having been seriously injured by the explosion of one of the boilers, yesterday week.

**THE BOARD OF ALDERMEN.**—The reports which have been circulated during the past forty-eight hours to the effect that the deadlock in the Board of Aldermen was about to be broken lack confirmation. So far as can be learned there is no indication of weakening on the part of either side. Some have imagined they saw signs of relaxing, but the parties directly concerned deny that any such symptoms exist. The next regular meeting will occur tomorrow night week. Some of the Aldermen will be delegates to the Norfolk convention, and there will doubtless be trouble in procuring a quorum on that occasion. If before that date a compromise should be effected the Mayor will be requested to call a meeting of Council in order that the wheels of legislation can again be set in motion.

**TO CURE A COLD IN ONE DAY.**—Take LAXATIVE BROMO QUININE TABLETS. All druggists refund the money if it fails to cure. W. GROVE'S signature is on each box. 25c.

**A DISORDERLY NEGRO.**—Considerable excitement was caused on King street, between Royal and Pitt, shortly before ten o'clock Saturday night by a negro named Robert Boyd, who came here on an electric train from Washington. Boyd had been disorderly all the way from Washington, and when the train reached Washington street the policeman telephoned for an officer. Policeman Keith Davis met the car upon its arrival at King and Royal streets. Boyd objected to being arrested, and struck the officer and started to run. The officer followed in pursuit and in a few seconds the square was blocked with people. A large crowd was listening to some street peddler near the intersection of Royal and Cameron streets, and they stampeded to King street. At the corner of King and Pitt street George Aitchison attempted to stop the fleeing negro, but was thrown violently to the ground and painfully injured. When examined by a physician it was found that Mr. Aitchison's right arm was broken in three places. The officer finally caught Boyd, but was compelled to use his stick before the negro submitted to arrest. He is employed as a porter in the Washington Loan and Trust Building. He was brought before the Mayor this morning who fined him \$20, and in default of payment he was sent to the chain gang for 60 days. Boyd, it seems, got on a spree in Washington and came here to finish it up. The District Commissioners have enacted such stringent rules against drunkenness in Washington that it is no longer safe for people in a semi state of intoxication to appear on the streets. Lieutenant Smith met two white men here Saturday who showed signs of exhilaration. He discovered they were Washingtonians and, believing they had come here for the purpose of getting drunk, made them leave the city.

**POLICE COURT.**—The following cases were disposed of today: Robert Boyd, colored, disorderly conduct and assaulting an officer; was fined \$20.

A young man, disorderly conduct and fighting; was fined \$5.

A young man, disorderly conduct and fighting; was dismissed.

Matt Williams, drunk and disorderly at the station house, was fined \$5.

Georgianna Thornton, colored, disorderly conduct; was fined \$5.

Louis Skelton, colored, disorderly conduct; was dismissed.

James Fegan, assaulting and beating Clarence Mills; case continued.

William Williams, assault on P. W. Westlake; fined \$10.

**Night Report.**—Last night was cloudy and warm. One prisoner was at the station house.

**A SHARK IN THE RIVER.**—A specimen of the man-eating shark was caught on Friday by two fishermen named Combs and Hart, off Maryland Point, and sent to Washington on the steamer Kent. The shark was about eight feet long and weighed over 400 pounds, and when cut open a varied assortment of articles were found within its stomach. There was a jackknife such as is used by fishermen, six bone buttons, two copper pennies, and a 25-cent piece that had become tarnished with age.

**THE WEATHER** yesterday was an improvement on that of the six or seven preceding Sundays. A refreshing northwest wind prevailed and the temperature was comparatively mild. There were more than the usual number of people on the streets in consequence, and many strangers were in the city. The churches had only moderate congregations, many of the members being out of town. The services were conducted according to the notices published in Saturday's Gazette.

**RIVER NOTES.**—The schooner Pocahontas, loaded with lumber by H. K. Field & Co., sailed yesterday for Lodge Landing, Yeocomico river. The barges John I. Brady and General I. J. Wistar, loaded with coal, have arrived at DeW. Aitchison.

A three-masted schooner, loaded with lumber, passed up the river for Washington this morning.

**ATTEMPT AT INCENDIARISM.**—An attempt was made last night to set fire to a house on Franklin street, between Columbus and Washington, occupied by a woman named Swan and her daughters. Some one shoved paper through a knot hole in the side of the house and ignited it. Officer Roberts, who was in the neighborhood, discovered the fire and extinguished it.

**KILLED BY A TRAIN.**—A man named Tanshill, who was walking on the railroad track between Remington and Beale on early yesterday morning, was struck by north bound passenger train No. 16, of the Southern Railway, and instantly killed. Engineer Moore saw the man on the track and endeavored to stop the train, but without avail.

**MORE FIGHTS.**—Two men became involved in a fight Saturday night in a north Fairfax street saloon. Both were arrested and this morning one was fined \$5 and the other dismissed.

Another man was before the Mayor this morning charged with assaulting an acquaintance. The case was continued until Wednesday.

**ANOTHER COOL WAVE.**—Another delightfully cool wave spread over this section during last night and this morning, and the refreshing northeast wind was prevailing when day broke. There were evidences of an approaching rainy spell and during the morning there were several showers. The weather is still cool and unsettled.

**LOCAL BREVITIES.**  
A marriage license was issued in Washington on Saturday to John H. B. Young and Nellie A. Velestine, both of Alexandria.

Wards have been removed from several quarters of the city. There are, however, other localities in which they are still growing rank.

Wakefield Church, at Ida, Fairfax county, was dedicated on Sunday. The dedicatory services were attended by a large number of people from throughout that section.

City Engineer Dunn has dispensed with the services of Mr. W. B. Dubie, foreman of one of the street gangs, desiring one foreman sufficient, and has retained Mr. Harrington.

While attempting to recover a straw hat lost by one of his friends, Richard B. Walker, of Washington, was drowned off the bank of the Chesapeake Bay yesterday afternoon.

A Wellington, B. C., old and respected colored resident, died Thursday and was buried Saturday. He had for a long time been employed by Mr. W. A. Smoot at Coltons.

The cornerstone of a colored Old Fellows' Hall was laid near the colored M. E. Church at Washington, yesterday. The service was quite imposing and a large crowd was in attendance.

Old Dominion Commandery, Knights Templar, will hold a meeting tonight to discuss plans for a trip to Louisville to attend the coming Templar convocation the latter part of the month.

Robert Washington, a colored boy, nineteen years old, who lived between the chain bridge and Falls Church, was drowned yesterday afternoon half a mile below the bridge, on the Virginia side of the river.

At a largely attended mass-meeting at Falls Church on Saturday night a citizens' association was organized. The association's purpose is to look after the general interests of the citizens of the village, but the specific object of its organization is to secure better and cheaper service on the electric railway connecting Falls Church with Washington.

In Washington today trout sold for 4c. per pound; croaker 2 to 2 1/2c. per pound; blue fish 2 1/2 to 3c. per pound; mackerel 8c. per pound; rock, boling, 10 to 12c. per pound; carp, pan, 5 to 8c. per pound; white perch, 5 to 10c. per pound; sturgeon, 9 to 10c. per pound; catfish, 20 to 25c. per pound; eels, 20 to 25c. per pound; spot, \$3 to \$3.50 per barrel; porgies, 15 to 20c. each; crabs, 25 to 30c. each; carp, 15 to 25c. each, and sea bass, 4c. per pound.

Herman Oppenheimer, a French Jew, aged 55 years, hanged himself in Baltimore Saturday. The cause of the suicide is unknown. Oppenheimer's family consisted of himself, his wife and eight children, the youngest of whom is 12 years of age. Two of his daughters left for a visit to friends in this city Saturday morning. A rumor was current that Oppenheimer, being a Hebrew of strict principles, objected to his daughters traveling on the Hebrew Sabbath, and that this fact preyed on his mind with the result that he committed suicide. The effect of the recent high temperature is said by some to have unbalanced Oppenheimer's mind.

Mr. G. E. Price will have for sale in market tomorrow some fine rock, trout and salt water fish.
